A: The problem is the \ in the date. To get rid of the \ you can use stringr::str\_replace\_all like this stringr::str\_replace\_all(dates, "\", "") # [1] "Feb 9, 2021" Effects of vitamin D supplementation on bone mineral density and parathyroid hormone of patients with chronic kidney disease. Despite the known importance of adequate vitamin D supply to bone and mineral metabolism, few data are available regarding the impact of vitamin D supplementation on the skeletal and extraskeletal features of patients with chronic kidney disease (CKD). Therefore, we conducted a study to evaluate whether adequate vitamin D and parathyroid hormone (PTH) levels would associate with bone mineral density (BMD) in a CKD population. Two hundred forty-six patients with CKD were recruited from the outpatient dialysis center of the Northern Taiwan Area Kin-Cohort Study. Patients were divided into 3 groups according to treatment modalities: vitamin D supplementation and phosphate control, vitamin D supplementation only, and phosphate control only. BMD was measured by dual-energy X-ray absorptiometry (DXA), and blood samples were collected to determine 25-hydroxyvitamin D (25[OH]D), PTH, and calcium levels. Patients were stratified according to 25[OH]D level to determine the distribution of 25[OH]D levels in CKD. The percentage of 25[OH]D deficiency ( $\leq 20$  ng/mL) in those treated with phosphate control only (32.6%) was higher than that in the control group (20.7%) ( $P = .004$ ). Both the increase in PTH level and percentage of 25[OH]D deficiency were lower in patients with vitamin D supplementation ( $P = .002$ ,  $P = .045$ , respectively). Our data suggest that adequate vitamin D supplementation can improve PTH level and possibly reduce the risk of 25[OH]D deficiency. Additionally, the risks of PTH elevation and vitamin D deficiency were independent of each other. sasdasd.onmicrosoft.com/sdk/authentication/oauth2/native/0.1.0 sasdasd.authorization.windows.net sasdasd.cdn.amplifymobile.com sasdasd.amazon.com sasdasd.kafka.str 3e33713323
